## Personal Profile:

*I am a methodical, organised 2nd year student at the University of Sussex, studying Computer Science. My ability to handle tasks in a systematic manner, as shown by the chosen subject of study, is something I am proud of. I have a range of work experience across multiple fields, ranging from a timber trade group to an IT outsourcing company.*

*During my first year at university I joined HackSussex, a Computer Science society, and later its committee. Here I was able to take part in a 24-hour Hackathon, run a livestream coding competition from the campus TV studio and work on the new society website. HackSussex has allowed me to work on my confidence and Programming skills.*

## Work Experience:

**Iceland Food Store** Farnborough

April to September 2023: Sales Assistant

- Over the summer between my 1st and 2nd years of University I was trained to work in the store and on the tills.
- In this time I learnt new skills such as how to stock rotate correctly, operate a till and handle a range of sometimes challenging customers to prevent stock loss.

**Price & Pierce Forest Products** Woking

May to September 2020: Office Admin

- In this summer role, I helped transfer between IT systems, placing orders for stock and sales, as well as being in contact with customers. My time here allowed me to develop my team working and communication skills.

**Xiria Ltd.** Camberley

August 2019: Position IT Trainee

- In this role, I got to work with professionals from the IT industry working in an office and on site, including working within Gatwick Airport. After doing my work experience with Xiria, I was invited back to join the company over the summer.
- My time with the company helped to show me what I wanted from my career and improved my IT skills.

## Education:

September 2020 – 2022:

**The Sixth Form College Farnborough**

June 2022:	<b>Computer Science</b>	A-level	A*
	<b>Physics</b>	A-level	A
	<b>Maths</b>	A-level	A
	<b>Extended Project</b>	A-level	A

September 2015 – June 2020:

**Tomlinscote School, Camberley**

June 2020: 12 GCSEs including a 9 and eight 7's

### **Skills Profile:**

- Having studied STEM subjects, I am confident with a range of IT softwares and as well as having great numeracy skills.
- Capable of working well to deadlines as demonstrated by my Extended Project Qualification.

### **Extra Curricular / Hobbies:**

- I continue to play the violin, having achieved grades 1 through 3.
- I am a 1st Dan Karate black belt.
- During my freetime, I code a lot, to build on skills I already know as well as playing video games on my PC.
